

CHRIST CLEANSSES THE TEMPLE

THE LIFE OF CHRIST WITH SAINT LUKE

JESUS IN JERUSALEM

Luke 19:45-48

The Temple in Jerusalem was central to the lives of the Jews. The Jews made pilgrimages to Jerusalem several times a year and went to the Temple for many reasons, some of them being: to pay their annual Temple tax, to offer animal sacrifices, and especially for the big feast days - such as Passover (*Feast of Unleavened Bread*), Pentecost (*50 days after Passover*), and the Feast of Tabernacles.

The Temple was an huge complex. It had several entrances, large stair cases, enormous doors, many different sections, and everything elaborately decorated. There was so much always going on at the Temple - coins dropping into the treasury boxes, Levites chanting, people talking (Jesus often taught under the porticoes in the Court of the Gentiles) and people praying, and the constant noise of animals being used as sacrifices.

On any given day, there would be thousands of people working in their different roles and during the big feast days, the Temple would be absolutely bursting with people! So much so, that the Roman Empire had built the Antonia Fortress, a garrison equipped with many soldiers, at the northwest corner of the Temple Mount in order to watch over the crowds going in and out of the Temple.

Among those working at the Temple were the money changers and merchants. Have you or your parents ever gone to a foreign country? If you are using cash in another country, you have to go to a place that will exchange your U.S. dollars for the local currency. The same was true when you went to the Temple in Jerusalem - you needed the coins used there and you had to go see the money changers to get them in order to purchase sacrificial animals or pay your Temple tax.

During this time, coins were not standardized like they are today. The weight, size, and purity of the metal used for coins varied widely. Therefore, the Temple exclusively used the silver shekel of Tyre because of its consistent 94% purity of silver.

The thirty pieces of silver paid to Judas would have been the silver shekel of Tyre.

Why was Jesus upset with the money changers, merchants, and the chief priests?

It was wrong of them to be swindling or cheating the people coming to the Temple. This was a holy place where the people came to pray and bring their offerings to God. Unfortunately, the money changers, merchants, and chief priests had become more interested in wealth than in God. Jesus told them to stop and the chief priests were really done with Jesus at this point. They saw Him as challenging their authority and infringing on their quality of life. Soon, they would be plotting with Judas to arrest Jesus.

FOR PARENTS

And He looked up and saw the rich putting their gifts into the treasury, and He saw also a certain poor widow putting in two mites. So He said, "Truly I say to you that this poor widow has put in more than all; for all these out of their abundance have put in offerings for God, but she out of her poverty put in all the livelihood that she had."

Luke 21:1-4

JESUS CLEANSSES THE TEMPLE

Luke 19:45-48

Jesus protested against the commercialization of the Temple.

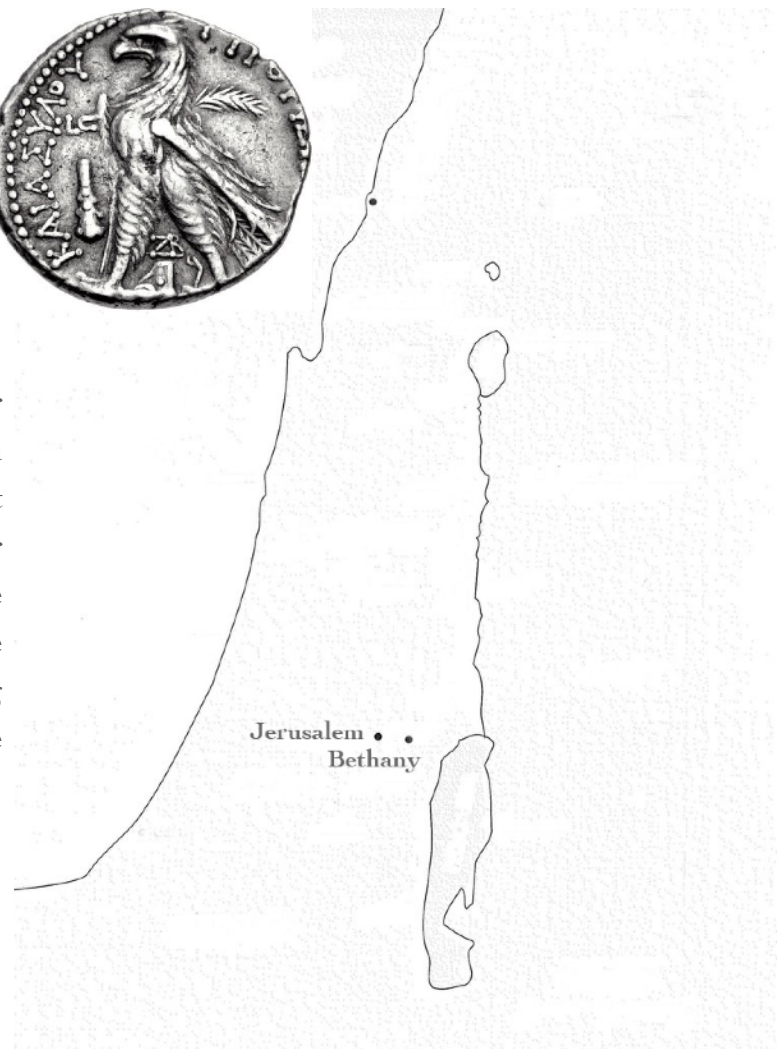

The moneychangers, merchants, and chief priests had made the Temple a place of robbery instead of a place of prayer to God.

Find Tyre on your classroom map and then label it on your map.

At the time of Jesus, there were a lot of variations between the same coins - size, weight, and the purity of the metal. The silver shekel of Tyre was different though. They were consistently 94% pure silver and the required coin to use at the Temple. You would have to go to the money changers to get your silver shekel and then be able to pay your Temple tax or to purchase animals from the merchants at the Temple. Unfortunately, the moneychangers and merchants were not being honest with the people who came to the Temple

The 30 pieces of silver paid to _____ would have been the silver shekel of Tyre.
